

CAPPERS

MODEL/CR

Rotary Chuck Capper Machine

All-Fill's Model CR, rotary chuck capper is built for high-speed, continuous capping in demanding production environments. Stainless steel and anodized aluminum construction ensures durability, long-term reliability, and consistent performance across a wide range of container and cap types. The Model CR is designed to integrate seamlessly with upstream and downstream packaging equipment, creating a fully automated and efficient production line. The rotary configuration allows containers to be continuously indexed through multiple capping heads, delivering precise cap placement and consistent torque application.

SPECIFICATION SUMMARY:

Standard Features:

Stainless steel and anodized aluminum frame designed for durability and sanitation. Rotary chuck capping heads provide consistent torque and secure closure across a wide range of cap styles. System includes a high-accuracy Keyence laser micrometer sensor with adjustable mounting bracket. A pneumatic pusher is standard, with additional reject options available based on application. Also includes cap foil detection/no-foil reject. The standard 15" wide sorting chain belt, and hopper capacity of 8 ft³ for production refills. Includes a visual status indicator: Red – machine stopped/fault, Green – normal operation, Blue – low caps.

Controls:

Integrated 7" color HMI touchscreen interface with operator controls. PLC controlled with up to 100 pre-programmable recipes. 7 security levels (3 maintenance levels, 3 engineer levels, 1 administration level). Motorized height adjustment.

Electrical Requirements:

480V 3Phase

Pneumatic Requirements:

80 psi

Rates:

Up to 360 CPM, depending on application, cap type, and number of heads

Conveyor:

Multiple conveyor options to suit your specific container and application.

Cap Reject System:

Identifies misapplied caps (high, low, or missing) and rejects containers to a collection tray.

Integrated Induction Sealer:

Mounting and integration of customer preferred induction sealer.

ADDITIONAL CAPPER MACHINE FEATURES:

INDUCTION SEALER INTEGRATION

Mounting and integration of customer preferred induction sealer.

COMMON CAPPER APPLICATIONS:

Pill Bottles

Squeeze Bottles

Square Bottles

F-Style Bottles

Round Edge Bottles

Dish Soap Bottles

Drink Containers

Nutraceutical Containers

Handled Containers

Spice Containers

Detergent Containers

Cosmetic Jars

WORLD-CLASS SERVICE & SUPPORT:

We understand downtime and its effect on your bottom line. Packaging machinery is only as strong as its service and support system. If you run into challenges, All-Fill's Service team consists of 15 full time service employees with over 150 years of combined experience in the packaging industry. Our team can train, install, and troubleshoot any All-Fill machinery. We service domestically and in our international territories: Canada, Central and South America, India, China and Australia. Contact our Service team at Service@all-fill.com.

PARTS SUPPORT:

All-Fill machines are designed using the most innovative controls and the highest quality parts and components. All-Fill has an unmatched ability to identify and resolve issues that may arise with your machine. Our parts department provides quality support in a timely manner to reduce your downtime and stocks most parts for quick delivery. From mechanical assemblies, electronic components, tooling, machine accessories and software, we have the parts you need. Contact our Parts Department at AFI-parts@all-fill.com.

INTERNATIONAL INQUIRIES:

All-Fill's packaging machinery is available worldwide for almost any product and industry. Our more than 50 years of engineering expertise combined with our industry leading field support makes us a leader in the industry. We design, manufacture, install and service machinery with maximum accuracy and reliability. Our global presence means uncompromising service and support, no matter what or where your needs are. Reach out today to discuss your project with our international sales team. Contact us at info@all-fill.com.
